

Ridge Lane
release, twelve
units.

Version 3 · 26 September 2026

Supersedes v2 (12 September)

For agents and the front desk · not for clients

What changed since you last read this

26 Sep · v3	Unit 7 now under offer. Guide on units 9–12 reduced by £ 4m after two weeks with no second viewings. Objection 4 added (school catchment).
12 Sep · v2	Units 1–3 released. Parking allocation confirmed at one space per unit, not two.
28 Aug · v1	First issue.

If you quote a figure from version 2 you will quote it wrong. The change log is on page two of every brief for that reason, and it is the only page you must read before a viewing.

Availability

Unit	Type	Status	Guide
1	2 bed, ground	Sold	£ 72m
2	2 bed, first	Sold	£ 74m
3	3 bed, duplex	Available	£ 96m
7	3 bed, duplex	Under offer	£ 98m
9–12	2 bed, rear aspect	Available	£ 68m

Table is set in one column so it reads on a phone at a viewing. Do not reformat it into a grid.

What people will raise, and what to say

1. "The rear units look onto the car park."

They do. Say so immediately. The answer is that they are ~~£~~28m cheaper than the front duplexes and the rear aspect is quiet in the evening. Do not describe it as a courtyard.

2. "One parking space isn't enough."

Correct for a two-car household. There are eleven unallocated street bays on Ridge Lane and no permit scheme, but that could change and we cannot promise it won't.

3. "Why did the price drop?"

Because the rear units didn't move in three weeks. Say that. Inventing a "launch adjustment" is how you lose a buyer at the solicitor stage.

4. "Is it in the good school's catchment?"

The boundary runs along Ridge Lane itself and the development sits on the far side. As of this September it is outside. Refer them to the council map and do not estimate.

The one-page card
